📁 Professional Experience

Zepus Academy

Senior Frontend Developer

September 2025 –

February 2026

Lagos, Nigeria

- Built a **responsive website and Learning Management System (LMS)** using **React, Tailwind CSS, and JavaScript**.
- Developed **interactive course modules and dashboards** for students and instructors.
- Teach **web development, frontend technologies, and coding best practices** to students in the academy.
- Mentor students in **React projects, API integration, and responsive design**, helping them build real-world applications.
- Ensure all teaching materials are **aligned with modern web development standards**.

🎓 Education

Federal university of agriculture Abeokuta

Bsc water resources management and agrometeorology

Second class upper 4.04

2016 – May 2023

Abeokuta, Nigeria

Dee ultimate comprehensive high school

A levels: mathematics, English, Physics, Chemistry, Biology

2015

Lagos, Nigeria

Tom Caleb international school

2008

Lagos, Nigeria

Gomycode

Web Development

website development

April 2025 –

September 2025

Lagos, Nigeria

Profile

Software developer with hands-on experience in building interactive web applications.

Proficient in React, Tailwind CSS, and data visualization, with a track record of turning ideas into functional, user-centered solutions.

Skills

React, Tailwind CSS, Framer Motion, HTML, CSS, JavaScript, Git, GitHub, Axios, Lottie, Leaflet.js, Responsive Design, API Integration, Node.js, Express, Next.js

Languages

English

JavaScript, TypeScript, HTML, CSS

Projects

Task Management App

2025 – 2025

React, Tailwind CSS, JavaScript

Built a responsive **task management application** allowing users to create, track, and organize tasks efficiently.

Implemented **interactive UI components, drag-and-drop functionality**, and **local storage for data persistence**.

Designed a clean, user-friendly interface for both desktop and mobile users.

E-commerce Platform

React, Tailwind CSS, Node.js, Axios

Developed a **full-featured e-commerce platform** with product listing, shopping cart, and checkout functionalities. Integrated

REST APIs for product data and implemented **responsive UI** for seamless shopping experiences across devices. Ensured

secure user authentication and order tracking.

Portfolio Website [↗](#)

Next.js, Tailwind CSS, Framer Motion

Created a **personal portfolio website** to showcase projects and skills. Added **smooth animations, project filtering, and interactive sections** using Framer Motion. Optimized for responsiveness and performance to provide an engaging user experience for potential employers or clients.

Water Management Dashboard [↗](#)

React, Tailwind CSS, Leaflet.js, Axios

Built an **interactive dashboard** for tracking water infrastructure and resource management. Integrated **Leaflet maps for real-time visualization**, API-driven data display, and **analytics charts**. Designed components for **easy monitoring of water points, pipelines, and reports**.

Service Rendering Platform [↗](#)

React, Tailwind CSS, Axios

Developed a platform for connecting service providers with clients. Implemented **dynamic listings, service requests, and booking system** with API integration. Ensured responsive design, smooth navigation, and **user-focused interface** to enhance service accessibility.

Zeplus Academy Website & LMS [↗](#)

React, Tailwind CSS, JavaScript

Built a **responsive website and Learning Management System (LMS)** for the academy. Implemented **interactive course modules, dashboards for students and instructors, and user authentication**. Teach **web development and frontend technologies** using this platform to mentor students on real-world projects.
